Sashiko
Specialty Machine

For over 200 years, sewers have created gorgeous patterns by hand stitching, using a technique known as Sashiko. Now, this traditional look can be created on a machine with the new exclusive Sashiko from Baby Lock. It perfectly replicates these distinctive stitches with a unique needle system and adjustable stitches and spacing.

Sashiko

Specialty Machine

LED Monitor

This unique system allows you to easily recognize when the needle is creating a stitch or a space.

Bobbin System

The side loading oscillating bobbin system is conveniently placed for fast and easy loading.

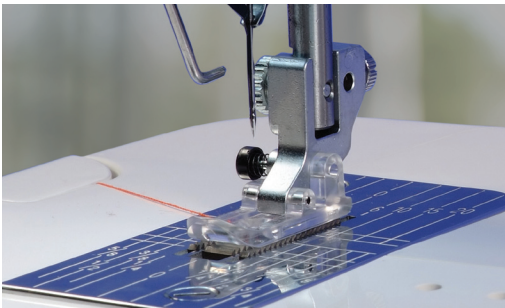

Free-Flow Sewing And U-Shaped Fluorescent Lamp

The adjustable presser foot height allows ease of turning fabric, stitching circles, squares and other shapes for complete control. The entire needle area is surrounded by a lighting system for maximum illumination.

Stitch Length Control and Stitch Spacing Control

Create short or long stitches ranging from 2mm to 5mm using the adjustable lever. Create short or long spaces with adjustable spacing from 2mm to 5mm.

Precise Sashiko Stitches

A specialty needle, working in conjunction with a latch wire system, forms defined stitches and precise spacing to create a true hand-stitched look.

Specialty Stitch Mode

With the specialty stitch mode, a complete cycle of one single stitch and space allows the control you need when single stitch sewing is desired.

Key Features

- Uses 30-weight or lighter threads
